League of Conservation Voters influences policy, hold politicians accountable, and win elections. This is how we fight to build a world with clean air, clean water, public lands, and a safe climate that are protected by a just and equitable democracy.

The Monadnock Farm and Community Coalition is a coalition of 140+ member organizations and individual members who come together regularly to build a robust, sustainable, and equitable local food system in the Monadnock Region of Southwestern NH.

NH Food Alliance is a statewide network that engages and connects people dedicated to growing a thriving, fair, and sustainable local food system in the Granite State.

NOFA-NH helps people build local, sustainable, healthy food systems by actively promoting regenerative, ecologically sound gardening, farming and land care practices for healthy communities.
